

Easter Program 2019

Providing activities for disabled children and young people

Give Us a Break is a charity run by parents/carers of disabled children who are all volunteers, and also organise and attend these activities with their families. We provide activities for children and young people with severe and complex learning difficulties. Parents/carers can bring their children to activities appropriate to their children/young persons need and have quality family time together. Brothers and sisters are welcome to join.

Please note: Parents/carers are responsible for their child/young person/s at all times, please ensure you have enough support for your child/ren as no staff workers are provided.

Give us a break is a charity that relies upon donations towards the cost of activities to ensure the activities can continue to run. Prices stated below are suggested minimum donations to help with these running costs.
